What is Chocolate Pizza?

So unique and distinctive is our chocolate specialty, the United States Patent and Trademark Office has awarded our company a federal trademark on, “Chocolate Pizza ®”. There’s nothing like it.

For our signature product, we blend the highest quality, Swiss-style, milk or dark chocolate with homemade English toffee. The toffee recipe is from our hometown of Marcellus, New York and dates to 1919. We make the toffee on-site, in small batches for maximum flavor, grind it fine and mix it with the tempered chocolate. We pour it into actual pizza pans and top it with a wide variety of candies or nuts. We have varieties for every day occasions and varieties in color schemes to fit specific holidays. We hand-decorate and customize Chocolate Pizzas for birthdays, holidays and special occasions. Sealed in cellophane and served in a custom pizza box, Chocolate Pizzas stay fresh for 9 months.

What are Peanut Butter Wings?

“Pizza & Wings” are a popular concept across the country and so we created and trademarked the perfect match to our Chocolate Pizza – we call them, “Peanut Butter Wings ®.”

Peanut Butter Wings are crisp, rippled potato chips covered in creamy peanut butter and drenched in gourmet milk or dark chocolate. The salty-sweet taste combination, along with a unique texture contrast of crunchy-vs-creamy, is a surprising confectionery masterpiece that draws rave reviews from customers around the world. **As Glitter Magazine reported, “You have not lived until you try these!”**
